

Manager's Report
August 5, 2021

1. Viewed an American Rescue Plan webinar to stay abreast of ongoing interpretations from the Treasury Department.
2. Met with Council Member Bill McKellar to discuss ongoing SGWASA projects. The Town will be well represented by Mr. McKellar.
3. Met with Scott Schroyer to discuss SGWASA's Sewer collection system schedule going forward. This includes line capacity, pump station capacity, funding opportunities, etc. Water plant upgrades seems to be on schedule.
4. Working with staff on drafting a RFP for American Disabilities Plan which is required to receive Federal Funding. This is more of a building, cross walks compliance than administrative compliance. It is going to be expensive.
5. Attended Granville County's 275th Anniversary celebration at the GAP.
6. Hosted a meeting with all parties who participate in the annual Fireworks display. This year it will be held on Friday, September 3, 2021. Hours are from 5:00 pm to 9:00 pm. Due to sundown being at 7:40 pm, I anticipate the fireworks being displayed around 8: 00 pm.
7. Working with Town Attorney on reviewing the latest NCDOT agreements for the West Lyon Station Road realignment.
8. Working with Attorney on obtaining "as-built" street and sidewalk plans in order to take ownership of three streets in the Meadows subdivision.
9. I'm in the final stages of getting a complete list of addresses for replacing the purple LED streetlights here in Butner.
10. Staff is working on getting bids for LED sign at the Gazebo Park.
11. Met Lauren Roberson, the new Chamber of Commerce director. I think she will be bringing new energy to the Chamber.
12. No news on the new street lights along Hwy 56 and East Lyon Station. The Attorneys still need to finalize the agreement.
